

Geography: Section 5 - Activity

Solutions: Tackling Air Pollution

Activity One

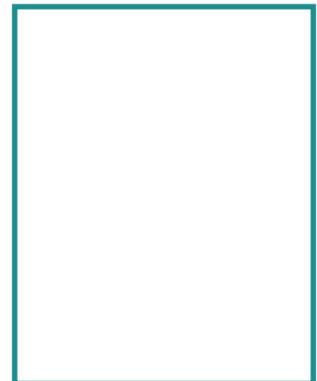

Lots of different strategies can be used to tackle air pollution and improve the environment. For the strategies listed below, explain in your own words, how each strategy helps to reduce air pollution.

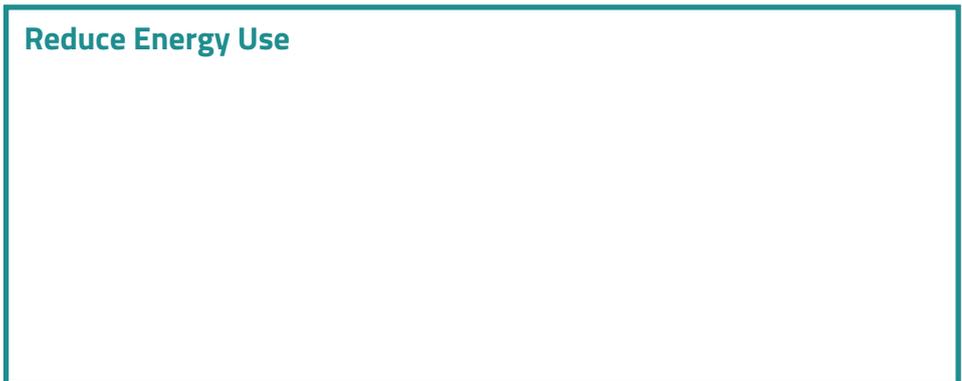

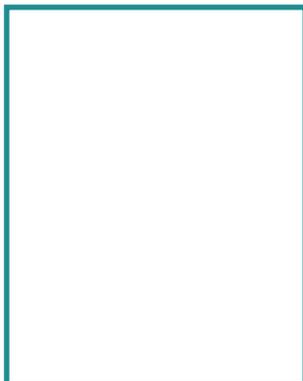

Greening Our Cities

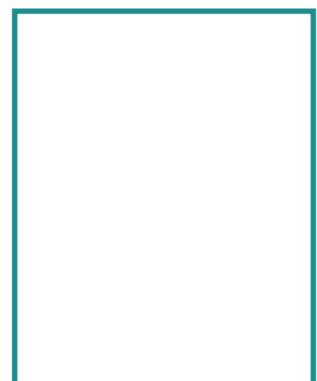

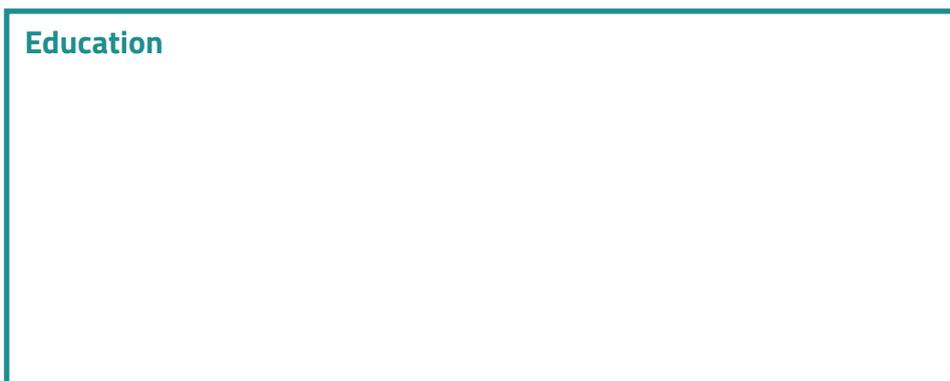

Travel & Transport

Reduce Energy Use

Education

Activity Two

- (a) Working with a partner or group think about any strategies that you, your family, school or local council may be able to use to help reduce air pollution.

Use the space below to write down your ideas. Try to write down 5 strategies.

- 1.
- 2.
- 3.
- 4.
- 5.

- (b) From your list highlight the 3 strategies that you think would have the greatest impact on reducing air pollution.

- (c) Next to each highlighted strategy write down who is responsible for taking forward this strategy, for example, is it you? is it your school? or is it the local council?

Activity Three

Create a three point pledge where you personally are committing to helping reduce air pollution.

My name is _____
and I pledge to help reduce air pollution by:

- 1.
- 2.
- 3.
